

5 REASONS WHY SAFE WIFI IS A MUST:

Make protecting the safety of youth, students and families a priority!

1 PREVENT EXPOSURE TO DANGEROUS AND ILLEGAL CONTENT

Prevent youth and patrons from being exposed to pornography and child pornography when using WiFi services.

2 KEEP PARENTAL CONTROLS IN PLACE

Prevent youth from easily bypassing filters and other parental control tools when logging onto open hotspots.

3 DETER ONLINE PREDATORS FROM EASY ACCESS

Prevent sexual predators from accessing illegal child pornography and from the solicitation of children while flying under the radar of law enforcement by using free WiFi services.

4 KEEP YOUR WORK/SCHOOL ENVIRONMENT POSITIVE

Avoid a potential hostile work/school environment for employees/students and protect your brand/business.

5 MAINTAIN BEST PRACTICES

Maintain consistency regarding business/higher-learning best practices and family-friendly policies.

Implementing SAFE WIFI helps to establish your company or learning institution as a leader on Internet safety policies. For more information visit: ENOUGH.ORG/SAFEWIFI
